

Round: 2B

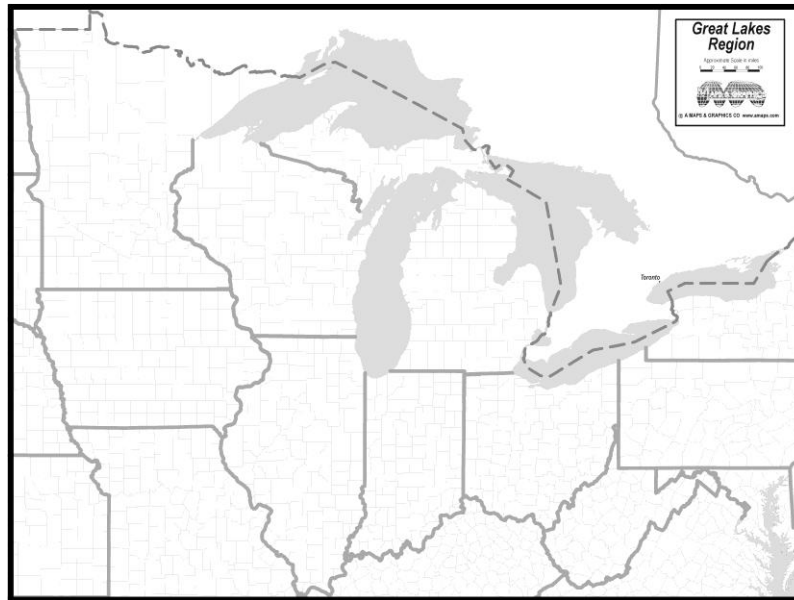

Figure 1: Map of the Great Lakes

1. On the map above, label the eight (8) U.S. states and the one (1) Canadian Province that border the Great Lakes. (9 pts)
2. On the map above, label the five (5) Great Lakes. (5 pts)
3. During which geologic Epoch did the five Great Lakes form? (1 pt)
4. What river connects Lake Superior and Lake Huron? (1 pt)
5. Why was the Welland Canal (connecting two of the Great Lakes) built? (1 pt)
6. NOAA and other agencies continually track water levels in the Great Lakes. They use the 1985 International Great Lakes Datum (IGLD) as a baseline reference for presenting changes in the water level. Why does the IGLD list Rimouski, Quebec, which is near the mouth of the St. Lawrence River, as its zero base? (2 pts)
7. What is the greatest impact of the Great Lakes on winter weather in the region? (1 pt)
